Autorenreferenz

“Metamorphosis” (2020)

»Was ist mit mir geschehen?«, dachte er. Es war kein Traum. Sein Zimmer, ein richtiges, nur etwas zu kleines Menschenzimmer, lag ruhig zwischen den vier wohlbekannten Wänden. Über dem Tisch, auf dem eine auseinandergepackte Musterkollektion von Tuchwaren ausgebreitet war – Samsa war Reisender – hing das Bild, das er vor kurzem aus einer illustrierten Zeitschrift ausgeschnitten und in einem hübschen, vergoldeten Rahmen untergebracht hatte. Es stellte eine Dame dar, die mit einem Pelzhut und einer Pelzboa versehen, aufrecht dasaß und einen schweren Pelzmuff, in dem ihr ganzer Unterarm verschwunden war, dem Beschauer entgegenhob.

This was pure art. Like a playable David Lynch dream sequence with a little **Kafka** thrown in for good measure. Best \$12 I've spent in a LONG time.

A surreal experience with an uncanny, **Kafkaesque** vibe evocative of Twin Peaks, Deadly Premonition, and how I spend my weekends.

This game has consumed me and transformed in a **kafkaesque** mockery of the man I once was. I have neglected personal relationships and outings to stay in and play the sims 4, it scares me. I am becoming someone who I fear. Also the packs are overpriced.

... However, while the game did NOT deliver as promised, it did deliver a **Kafkaesque** story, that balances perfectly between empowering and disempowering you. You feel motivated when you get beat down, and you feel like you have a stake in this - like you have a message to deliver.
